ABOUT ME

My name is Dennis William. I am currently pursuing Bachelors of Computer Science in BINUS International University as well as Software Engineering Degree in La Trobe University, with hands-on experience in administration, software development projects and organizational support. Personally, I would describe myself as a determined person always looking for opportunities to grow.

EXPERIENCE

PT. Transporindo Agung Sejahtera

November 2025 - Present (4 months)

Web Developer

- A CMS-powered, bilingual, and smoothly-animated single-page logistics website that I developed.
- Link: <https://transporindo.com>

Moda Holdings

Jul 2025 - Sep 2025 (2 months)

Programmer Intern

- Developed a rating system software, completely cutting down manual rating work by GA.
- Designed various slides to display data-driven reports and visualizations such as employee attendance, fuel consumption comparison for each vessel.
- Collaborated as a committee member for a company-wide work event.

Google Developer Group

Sep 2024 - Jul 2025 (10 months)

Finance Core Team Member

- Managed budgeting, financial planning, and expense tracking to support GDG initiatives.
- Assisted in securing sponsorships and funding for events, ensuring financial sustainability.
- Worked closely with event organizers to allocate resources efficiently for workshops and meetups.

Peer Support Movement

Mar 2018 - May 2023 (5 years 2 months)

Peer Member

- Provided emotional and social support to peers, fostering a positive and inclusive school environment.
- Developed leadership, empathy, and conflict resolution skills through peer mentoring and group discussions.
- Contributed to planning and executing school events, including coordinating logistics, promoting engagement, and ensuring smooth operations.

EDUCATION

La Trobe University

Bachelor's of Software Engineering

Bundoora, Australia (Remote)

Sep 2025 - Present (Expected Jul 2027)

BINUS International University

Bachelor's of Computer Science

Jakarta, Indonesia

Sep 2023 - Present (Expected Jul 2027)

Lilin Bangsa Intercultural School

Science

Jakarta, Indonesia

June 2011 - May 2023

VOLUNTEERING

Bilingual Volunteer

Dec 2025

Pondok Yatim & Dhuafa

- Collaborated with the ambassadorship team to lead interactive games and activities for children.
- Presented educational material in Bahasa Indonesia, ensuring the content was engaging and easy for everyone to follow.

Bilingual Volunteer

Dec 2024

Read Aloud Jakarta Barat

- Translated educational slides from English to Bahasa Indonesia to help 50+ kids learn about different types of fruits.
- Presented during the event, teaching the kids English pronunciation and sharing the health benefits of eating fruit in a fun way.
- Managed the translation of visual materials to make sure the basics were clear for a younger audience.

Waste Recycling Management

Nov 2024

Depo Tzu Chi

- Assisted in sorting and processing recyclable materials like paper and clothing to ensure they were diverted from landfills.
- Worked with a team to organize donated items, focusing on giving unused materials a second life through proper recycling practices.
